## Application for use of restricted weapons at Sport Airsoft events

**NOTE: Submission of this form does not guarantee acceptance of your application by the Sport Airsoft Ltd. council. It is strongly recommended you wait until notification before you purchase or bring a restricted weapon to an Sport Airsoft Ltd. event. The term restricted weapon refers to legal airsoft weapons that go over the 350fps speed limit on .2gm BBs. i.e. sniper rifle & machine gun class airsoft guns, lasers, grenade launchers, or any other non-standard airsoft equipment.**

In the CONSIDERATION of being permitted to bring and use a restricted airsoft weapon in ANY way in the sport and or activities of airsoft/softair with regards to ANY game or event hosted by or with the approval of Sport Airsoft Ltd., I submit this application for the councils fair consideration.

I \_\_\_\_\_, a current member in good standing, apply to be able to use the following restricted weapons at Sport Airsoft events:

- \_\_\_\_\_ doing \_\_\_\_\_ fps on .2gm Club Ammunition.
- \_\_\_\_\_ doing \_\_\_\_\_ fps on .2gm Club Ammunition.
- \_\_\_\_\_ doing \_\_\_\_\_ fps on .2gm Club Ammunition.
- \_\_\_\_\_ doing \_\_\_\_\_ fps on .2gm Club Ammunition.
- \_\_\_\_\_ doing \_\_\_\_\_ fps on .2gm Club Ammunition.
- \_\_\_\_\_ doing \_\_\_\_\_ fps on .2gm Club Ammunition.

I understand that a higher standard of play is expected of users of these more powerful weapons and that my ability to use these weapons at Sport Airsoft Ltd. events may be terminated at any time by the council.

I also understand I will need to sit a verbal test on the rules of the company, and that my playing attitude and behaviour to date will be considered as part of this application.

I also understand that weapons that exceed the 350fps limit have significantly more chance of inflicting undue pain and I shall endeavor to take extra care on the field.

I also have a pistol or alternate weapon doing under 350fps which I will always carry on me during Sport Airsoft Ltd. events so that I can engage targets that get to close for safe engagement with my restricted weapon.

I have read this document and fully understand and comprehend it, I have asked any questions on areas of it that I am unclear on.

**Participants Signature:** \_\_\_\_\_

**Participants Name:** \_\_\_\_\_

**Date Signed:** \_\_\_\_\_

**Under 18 Participant:**  
**Parent/Guardian Signature:** \_\_\_\_\_
